OUR MISSION IS TO INTRODUCE MIDDLE SCHOOL GIRLS TO COMPUTER SCIENCE AND GIVE THEM THE MEANS AND MOTIVATION TO SUCCEED IN THE FIELD.
Tech Divaz is a free week long introduction to the field of computer science for middle school girls. Students will learn about such topics as hardware, operating systems, big data, web design, critical thinking, and programming with Scratch, Alice, and Java. Students will also learn about the benefits of being a CS student at Pitt and graduating with a CS degree.
